CALL FOR APPLICATIONS FOR THE ALLOCATION OF BED SPACES TO UNIVERSITY STUDENTS AT THE "CXNAPLES | CENTRALE" RESIDENCE – ACADEMIC YEAR 2026-2027

Campus X s.r.l. (hereinafter, the "**Manager**") – one of the leading operators in Italy in the student housing sector – hereby issues a selection notice (hereinafter, the "**Call**") for the exclusive allocation of bed spaces (hereinafter, "**Bed Spaces**") to university students, located in the student residence named "CXNaples | Centrale", located in Naples, Via G. Ferraris 4 (hereinafter, the "**Residence**").

PREMISES

- The Residence is part of a group of university housing projects financed as a result of the selection procedure launched by the Ministry of University and Research (hereinafter, the "**MUR**") through Ministerial Decree No. 481 dated February 26, 2024 (hereinafter, the "**Decree**") for the allocation of co-financing for the management costs of projects aimed at creating bed spaces for university students. This financing is part of Mission 4, Component 1, Reform 1.7, titled "Reform of the legislation on student housing and investments in student accommodation" under the National Recovery and Resilience Plan (so-called NRRP or PNRR).

- The Decree stipulates, among other provisions, that for a duration of twelve years, during which the designated use must be ensured, at least 30% of the bed spaces created with the aforementioned co-financing must be allocated with priority to capable and deserving students who are also financially disadvantaged, as referred to in Article 4, Paragraph 1 of Legislative Decree No. 68 of March 29, 2012, based on the rankings established by the authorities responsible for university student aid. For the remaining portion, the Manager is required, when determining the fees charged to students assigned a Bed Space, to apply a 15% (fifteen percent) reduction on the average market rate, in view of the social purpose of the measures provided by the Decree.

- To determine the above-mentioned average rate, the Manager used the online tool provided by the MUR (which considers the local area, reference market values, types of students, types of property, and the level of services offered). In exercising the option provided for under the Decree, and in compliance with the conditions laid out therein, the Manager obtained approval

from the MUR for a variation in the average rates, based on the particular characteristics and high level of services offered by the Manager.
