

COMPANY POLICY

The management of Campus X S.r.l., has done its best to develop, implement and continuously improve the effectiveness of this quality management system, also committing itself to the following fundamental principles:

- The corporate goals for Quality that Campus X S.r.l. aims to pursue through the Quality Management System are communicated at the Town Hall;
- The Quality Policy is communicated internally through training/information activities and during the induction of new resources into the company.
- The Quality Policy is updated during the periodic management review;
- Identification of customer expectations, and provide for their satisfaction, through an appropriate quality policy and the designation of responsibilities and authorities defined by Campus X S.r.l.;
- The performance of periodic internal audits by Management;
- The provision of human resources necessary to carry out the activities presented;
- Communicating the Quality Policy externally through its publication on the institutional website.
